## A MESSAGE FROM THE JURY

Our jury of 20 industry experts seeks substantiated innovation that enhances productivity, quality, and sustainability. We value smart market strategies and value-driven pricing, submit your entry before the March 31st deadline!

## THE 2025 TECHNICAL REPORT: A COMPENDIUM OF EXCELLENCE

The 2025 Technical Report is a key resource for understanding the careful evaluation by our experts. It provides detailed insights into last year's top innovations, offering more than just a list of winners by explaining what made each innovation stand out in its category.
